# INTERLINE LOGISTICS

*We make logistics easy.*

Intensifying trade barriers and ever changing customs compliance requirements make supply chain management all the more complex. Interline Logistics has been helping clients overcome these challenges for over 10 years – providing world-class logistics services in Tanzania and the greater east African region.

We are a licensed **integrated logistics company** with a credible reputation in the market. With offices located in Dar es Salaam, Interline Logistics is a leading service provider for power, roads, manufacturing industries, and international organizations – offering competitive rates to and from all major worldwide destinations.

***Our commitment is to offer end-to-end supply chain solutions in domestic and international freight.***

*Why Interline?*

## **WE WORK TOGETHER WITH OUR CLIENTS**

Our team has a vast experience in delivering top-notch logistics services. We are driven by the idea that the success of our customers' operations, is our success.

- ✓ Committed
- ✓ Reliable
- ✓ Efficient
- ✓ Accountable
- ✓ Dependable
- ✓ Transparent

## **MISSION & VISION**

*Offer the best and most reliable clearing and transport services.*

*To create better efficiency in logistics.*

# OUR SERVICES

## AIR, SEA & LAND FREIGHT

### Export & Import

Interline Logistics offers fast and reliable **Clearing & Forwarding** services for air, sea, and land shipments with a clearance timeline of a maximum of **4 working days** under normal business operations.

We offer road freight to various countries within East and Central Africa through the Port of Dar es Salaam and air and sea cargo to **any world-wide destination** with an added advantage of destination clearing services through our logistics network partners.

With a fleet of over 50 trucks, we have capacity to deliver varied clients consignments ranging from **20 to 40 feet containers**, break bulk and open tops.

Our expedient services are a deliberate effort to avoid any exceptional cost occurring on shipments. We value the importance of regular communication with our clients and therefore provide them with daily end-of-day reports on the clearing progress of their consignments.

We have an excellent network of operators who are available **24 hours a day and 7 days a week** ready and equipped to offer you a solution.

All our trucks are fitted with ECTS (Electronic Cargo Tracking System) which ensures that cargo is monitored from the station of clearance to the destination.

## PARTNERS

## PACKAGING & REMOVAL

We provide customized packing and delivery services for **home and office relocations**.

We have an extensive network of international renowned removal agents around the globe with whom we coordinate both origin and destination services such as customs clearance, delivery to residence, unpacking, setting to specification, and removal of debris. Our team is happy to guide you on all packaging requirements such as essential documents and insurance related matters.

We have highly trained staff that provide high quality packaging services, particularly on fragile and/or sensitive cargo that requires specialized packing needs. We pack and fill into the container an inventory of goods in the presence of the client, prior to the container being moved to the warehouse to await shipping.

## WAREHOUSING

We tailor warehousing solutions to meet your needs at rates that are both cost effective and competitive covering both free and customs bonded warehouses with adequate warehousing facilities. Interline maintains high warehousing management standards including continuous audit to improve efficiency and reliability.

Our warehouses are strategically located within close proximity to the port of Dar es Salaam and Julius Nyerere International airport.

# KEY PROJECTS

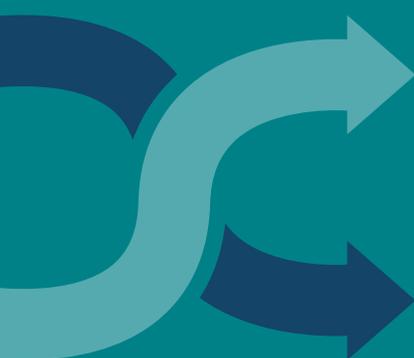

Interline Logistics is aligned with the **Sustainable Development Goal 7** of ensuring access to affordable, reliable, sustainable and modern energy for all.

- ✓ **TANESCO/ENERGOINVEST** - Clearing and transporting power equipment including heavy and out of gauge transformers for the Kenya-Tanzania Power transmission line since 2020. The project requires strong occupational health and safety management system (OHSMS) as well as 24/7 operations to ensure proper execution and Interline has proven strong in both HSE and operational excellence.
- ✓ **REDAVIA** - Dismantling and re-packaging solar panels for export from Dar es Salaam to Nairobi.
- ✓ **ISS ( INTEGRATED SERVICE SOLUTIONS )** - Clearing and forwarding of construction materials destined to Rwanda for construction of a Kinigi Hotel (Gorilla's Nest) between 2019 and 2020.
